Zero Litter Initiative

- Subcommittee of Santa Clara Basin Watershed Management Initiative (WMI)
 - Formed in 2010 with representatives from cities, counties, and transportation agencies
 - ZLI Mission - combat the multi-faceted litter problem by bringing stakeholders together to identify collaborative solutions
 - Previously conducted roundtables on the water quality impacts of homelessness and litter associated with garbage/recycling collection
 - First webinar (*The Nexus Between Solid Waste and Stormwater Management*) in October 2016
 - Second webinar (*Reducing the Impacts of Smoking on Stormwater Quality*) in January 2018
-

Impetus for Webinars

- Trash impacts many San Francisco Bay Area creeks and shorelines
 - Plastic straws are one of the most frequently observed items in local waterways
 - Plastic straws are not recyclable
 - Bay Area (and nearly all other California) municipalities are required to significantly reduce trash
 - Reducing plastic litter can assist municipalities in achieving these goals
-
